Company Background

Although officially established in 2023, the company builds on over a decade of industry experience, delivering reliable and compliant solutions across residential, commercial and industrial sectors, in the heart of Wonderkop, South Africa, **META IMPACT (PTY)LTD** is a **B-BBEE LEVEL 1** construction and technical services company delivering high-reliability electrical, instrumentation, IT, engineering, and maintenance solutions across complex operational environments. **META IMPACT (PTY) LTD** is a dynamic and forward-thinking company dedicated to providing comprehensive solutions across a diverse range of industries.

We operate at a preferred-contractor level by providing safe, compliant, and technology-driven systems that protect uptime, enhance operational efficiency, and support long-term asset performance.

Founder:

Tumelo Diale is a South African engineering and construction professional with over 10 years of hands-on experience in Instrumentation, electrical work, IT, solar mounting, site supervision, and civil construction. As the founder of META IMPACT(PTY) LTD, he leads projects ranging from industrial plant upgrades to community infrastructure. His background combines technical trade qualifications, safety compliance and on-the ground project coordination.

Mission Statement: Uncompromising Quality

To deliver reliable, compliant, and forward-thinking construction and technical solutions that improve safety, reduce operational risk, optimize resources, and enable data-driven decision-making

Our Vision: Illuminating Tomorrow

To be a trusted long-term technical partner recognized for safety leadership, operational reliability, and intelligent infrastructure solutions.

Core Values

Zero Harm First – Safety engineered into every activity.

Safety is non-negotiable and engineered into every activity. All work is planned and executed to prevent injury, asset damage, and environmental harm through structured risk assessments, permit-to-work systems, and isolation procedures.

Operational Excellence – Right first time, minimal downtime.

A commitment to disciplined execution, quality workmanship, and reliability. Our focus is on doing the job right the first time to minimize downtime, rework, and operational disruption.

Compliance Without Compromise – Beyond formalities.

All activities are aligned with applicable legislation, client standards, and governance frameworks. Compliance is embedded into work processes and execution, not treated as a formality.

Technical Precision – Accurate, verified, documented.

Accuracy and correctness in all technical work, ensuring systems are installed, tested, verified, and documented to specification for long-term performance and reliability.

Sustainable Impact -Long-term value over short-term fixes.

Delivering long-term value through energy efficiency, preventive maintenance, reduced waste, and extended asset lifespan rather than short-term fixes.

Integrity & Accountability – Transparent, ethical, responsible.

Operating with transparency, ethical conduct, and ownership of outcomes. Commitments are honored, and issues are addressed openly and responsibly.

Core Services

Solar Mounting and installation

- Solar system design & installation
- Mounting Structures
- Energy optimization solutions

Electrical & Power Systems

- Electrical installation
- Maintenance & Repairs
- Fault finding
- System upgrades

Instrumentation & Control Systems

- Installations & Calibrations
- Testing & commissioning
- Maintenance

IT & Technical Support

- Basic IT Infrastructure support
- System Integration support

Engineering

- System integration
- Technical Support
- Project coordination

Construction

- General Buildings
- Civil works
- Project execution from foundation to completion

Why Choose Meta Impact (PTY) LTD?

- **LEVEL 1 B-BBEE Contributor** – Maximizing client procurement scoring
- **Multi-disciplinary capacity** – Electrical, Construction and Engineering under one company
- **Quality Assurance:** We prioritize excellence in every project, ensuring longevity and reliability.
- **Innovation:** We stay ahead of the curve, integrating the latest technologies for optimal results.
- **Customers Satisfaction:** Your vision is our mission. We work closely with clients to understand and surpass their expectations.
- **Sustainability:** We committed to environmentally friendly practices, contributing to a greener future

Choose **META IMPACT (PTY) LTD** for a transformative partnership where quality meets innovation, and together, we illuminate the path to a sustainable tomorrow.
